 Income

## At your assessment...

Ask about work if this matters to you.

Ask what support is available.

Ask if there is help with income.

Keep in touch with work.

## During rehabilitation...

Think about your return to work goals.

Find out how to talk to your employer.

Make a return to work plan.

Find out who you can speak to to help get you back to work.

## Looking ahead...

Ask about your long term goals.  
Return, retrain or finish work.

Ask about your rights in employment law.

Find out what support is available to support you to stay in work.
